RE: Revised Multi-Area Data Management Plan

Dear Mr. Erickson:

The United States Environmental Protection Agency (U.S. EPA) has completed its review of the April 2008 revised Multi-Area Data Management Plan (DMP) for the Allied Paper, Inc./Portage Creek/Kalamazoo River Superfund Site. The DMP is designed to provide a standardized system for generating, tracking, storing and accessing data associated with the site.

The revised DMP has adequately addressed U.S. EPA's previous comments and incorporated them into the document. Therefore, U.S. EPA approves the DMP.

Please contact me at (312) 886-0992 if you have any questions regarding this matter.

Sincerely,
